

The Classic Chair Seat Pad

1

Push the metal tab to the side to unlock the seat pad.

2

Lift the seat up half way and with two hands on both ends of the seat pad, push down gently.

3

With one hand continuing to push the seat pad down, gently slide out the hook off the metal bar.

4

Gently slide other hook off the metal bar.

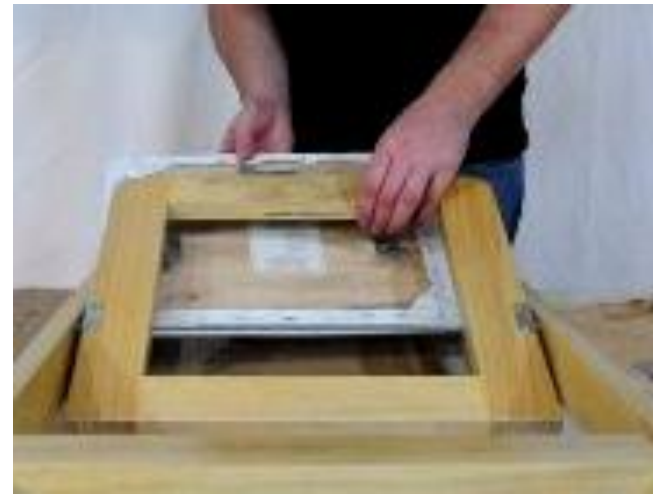

The Classic Chair Seat Pad

5

Pull the old seat pad out.

6

Take the new seat pad and slide it in pushing the hooks over the metal bar.

7

Ensure the seat pad is centered before sliding the metal tab into the slot and locking the seat pad in place.

8

Your Classic Chair Seat Pad is Replaced!
