

## The Table Truck for Pedestal Tables

1

Install the wheels. **2**  
There is a short and long bolt. Install the short bolts on the inner side of the cart. Insert the bolt from the top, down towards the wheel. Put the flat washer on, spring Washer, then the nut. Tighten with allen key and wrench.

Repeat step 1 with long bolt on outer side of cart.

Repeat steps 1&2 for the other 3 wheels

3

Carefully turn Assembly over.

4

Fasten post holder using nut and bolt included.

5

Repeat step 4 for the second post holder

6

Install pedestal base holder by inserting post into the pipe and fasten the tightening bolt

7

Install the side rails by inserting them into the pipes at each corner. Repeat for second side rails.

8

Your Pedestal Table Truck is Assembled!
